Dear Colleague,

The [Global Alliance for Behavioral Health and Social Justice](http://bhjustice.org) (formerly the American Orthopsychiatric Association) is a multidisciplinary organization committed to research, practice and advocacy that promotes optimal well-being for individuals, families and communities. We have used a social justice and human rights approach for almost 100 years to advocate for prevention of behavioral health disorders and for those who suffer the burden of mental illness and addiction.

Today we kick-off our [membership campaign!](#) If you are not already a member, or if it is time to renew your membership, take advantage of our reduced membership rate of \$85 (\$55 for early career professionals and \$30 for students). If you are already a member of one of our partner organizations – the Society for Community Research and Action or the Ottawa Association of Social Work – your Global Alliance membership is only \$50 (\$45 for early career professionals and \$25 for students)!

We want you as a member of the Global Alliance! [Join us](#) in advocating for prevention and promotion strategies, sharing applied research to enhance communities, facilitating training and professional development opportunities, and promoting effective practices and policies to support behavioral health and well-being.

If you have questions or want more information, please contact me at [president@bhjustice.org](mailto:president@bhjustice.org).

Looking forward to your joining us!  
Debbie
